Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented to maximize funding include:

• Leading year 3 teachers in the modeling of intensive teaching of reading using Explicit Instruction as a means to focus on students who have potential to reach NAPLAN upper two bands
• Providing targeted reading intervention to year 3 in Semester 1 2014 and year 2 readers in Semester 2 2014
• Improving teacher capability in delivering explicit instruction within the teaching of reading for teachers of Year 3, 5 & 7 in Semester 1 2014 and Prep, Years 2, 4 & 6 in Semester 2 2014
• Monitoring and analysing key data sets each term in weeks 3, 6 & 9 to inform teaching of literacy and numeracy
